

## DISPLAY AND MEDIA LICENSE SUMMARY

DISCLAIMER: This is not a license. This is a summary of DigitalGlobe’s Display and Media License that highlights its key terms. Please read the full Display and Media License text for the exact (and legally binding) terms that apply.

**You can license DigitalGlobe imagery products pursuant to a DISPLAY AND MEDIA LICENSE if you have licensed imagery products under an Internal Use License, Group License or Subscription Services License and:**

- You are an individual who wants to publish an extract of the imagery in print, digital or broadcast media
- You represent a legal entity that wants to publish an extract of the imagery in print, digital or broadcast media
- You represent a government agency that wants to publish an extract of the imagery in print, digital or broadcast media

**You and your authorized users are free to publish extracts of the imagery product in any of the following publications:**

- |   |                  |                       |
|---|------------------|-----------------------|
| • reports (print and electronic)          | • magazines      | • websites            |
| • white papers (print and electronic)     | • articles       | • social media        |
| • presentations (print and electronic)    | • journals       | • movies              |
| • training manuals (print and electronic) | • blogs          | • television programs |
| • books                                   | • posters        | • documentaries       |
| • textbooks                               | • brochures      | • webinars            |
| • newspapers                              | • booth displays |                       |

**Subject to certain formatting restrictions including:**

- Only formats without geo-referencing information
- Integrated in a non-extractable and non-downloadable manner

**With attribution to DigitalGlobe, Inc.:**

- You must include attribution to DigitalGlobe, Inc. on or adjacent to the imagery

**For a perpetual term.**
